THE PROS' EQUIPMENT

## **Tasmanian Tiger. We Equip The Professionals.**

The current situation has massively increased demand for **TASMANIAN TIGER** products from our NATO partners and various security agencies. At the same time, the supply chain issues triggered by the Corona pandemic continue to show their effects.

As a premium supplier of professional military and police equipment, the functionality and quality of our products remain our top priority, and our in-house production means that we reliably meet these demands - even under the current more difficult conditions.

In order to meet the needs of users, we are consistently developing our product range and have expanded our tactical range in particular.

The new **ZP SERIES** enables the quick change of pre-configured modules on the appropriately equipped plate carrier. The **TT PLATE CARRIER QR LC ZP** features zippers on the back. A panel, a tactical deployment pack, an emergency pack and a breacher pack are available as zip-on modules.

The products of the **ANFIBIA SERIES** are especially designed for amphibious operations. They feature skeletonized construction, seawater-resistant materials and drain holes or the use of mesh material for rapid water drainage. The robust **TT PLATE CARRIER QR SK ANFIBIA MK II** is supplemented by a replacement front panel and various magazine and accessory pouches.

We also present three new small backpacks for special applications and flexibly combinable tactical equipment pouches.

**Even in uncertain times, TASMANIAN TIGER remains your reliable equipment partner.**

# TASMANIAN TIGER - COMPETENCE IN CARRYING

**Tasmanian Tiger has a long-standing experience in backpack construction and proven expertise in high-performance backpack carrying systems.**

When developing our backpacks, we place great value on ergonomic design, durable materials, functionality, and a perfect fit. For long journeys with a heavy load, the most important thing is the comfort of the backpack. That is why, in addition to the selection of the right pack sack, the selection of the right carrying system plays a central role.

The heart of a Tasmanian Tiger carrying system revolves around an internal frame structure that transfers the weight of the pack sack to the hip muscles via the hip belt. This transfer assures that pressure is relieved from the shoulders and spine. It is a basic fundamental that the heavier the load the more stable the support system must be.

However, the load transmission should not be completely stiff, but must remain flexible enough to ensure that even in rough terrain, the user can be agile in his/her movements, especially when traversing large obstacles. For the load transfer to work optimally, the carrying system must also function for various sized individuals. To ensure this, the Tasmanian Tiger carrying systems are adjustable in size and can be custom fit to a wide range of back lengths.

**Because a backpack not only has to fit the application, its respective requirements, and the user, we have developed different carrying systems for different backpack models, shown on the following pages.**

**Tasmanian Tiger – carrying systems for every mission.**

# X1-SYSTEM

The size-adjustable high-end X1 Carrying System was specially developed for high loads over 40 kg. Particular attention was paid to the adjustability, ergonomics and ventilation of the system. Durable materials, multi-layered structures and reinforcements in the right places make the system stable and durable.

# V2-SYSTEM

The size-adjustable V2 Carrying System was developed for medium to high loads up to 40 kg. A combination of aluminum and fiberglass bars results in an excellent balance of efficiency and flexibility in load transmission with low own weight. Channels on the back padding ensure good air circulation.

Comfortable shoulder straps can be adjusted in height +

Fiberglass bars optimize load transfer to the hip belt +

Lumbar pad with rubberized insert prevents slipping of the backpack +

Lid is Height-adjustable +

Concave shaped back padding provides optimal contact with the backpack +

Aluminum bars arranged to a V provide stability of the back system +

Multilayer padded hip wings are reinforced with a PE plate +

## V2 PLUS-SYSTEM

The size-adjustable V2 Plus Carrying System was developed for medium to high loads up to 40 kg. Backpacks with this system offer great adjustability of the back length and can be worn even with fully loaded vests and chest rigs due to the detachable hip belt.

# X VENT ZERO PLUS-SYSTEM

The X Vent Zero Plus Carrying System combines excellent ventilation with perfect fit and low weight. The tension of the system can be used to regulate the distance from the backpack to the back, right up to force fit carrying.

Open space created by the supporting construction result in extremely large ventilation zone 

Adjustable webbing straps lie on the back 

Hip belt is anatomically shaped and ventilated 

System allows for the tension of the x-shaped fiberglass rods to be adjusted, which varies the distance of the load to the back – changing also the center of gravity of the load 

X-shaped fiberglass rods are attached to the back of the pack 

Additional fiberglass rods transfer load to hip belt 

### TT MIL OPS PACK 80+24

**Item number:** 7324  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 83 x 34 x 21 cm / 80 l + 24 l  
**Weight:** 4,20 kg  
**Material:** CORDURA® 700 den

### TT MIL OPS PACK 30

**Item number:** 7323  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 58 x 30 x 16 cm / 30 l  
**Weight:** 1,20 kg  
**Material:** CORDURA® 700 den

Robust backpack with size-adjustable heavy-duty V2-Carrying System. With its high-performance carrying system, which can be adjusted to your own back length, the mission backpack is suitable for transporting heavy loads. The toploader offers a large zippered front opening, a separate bottom compartment, side pockets and a Height-adjustable lid with lid compartment. The front and sides feature a MOLLE system. In addition, the backpack has a lacing system on the front and a removable helmet holder.

[1] Removable section between main and bottom compartment [2] Load control straps [3] Height-adjustable chest belt [4] Special construction whereby hipbelt-fixation is re-directed to allow for single-handed adjustment [5] Compression around perimeter of base [6] Durable handle [7] Height-adjustable lid with zip compartment [8] Hydration system compatible [9] Large zippered front opening into the main compartment [10] Removable side pockets with zipper, each with a volume of 12 liters [11] Insert pockets on both sides [12] Device holder for PRC 117, TRM 6020/21 or SEM 70 [13] Helmet attachment [14] MOLLE system

Small, robust mission backpack with padded back and removable waist belt. The TT Mil Ops Pack 30 features a MOLLE system and a lacing system on the front, compression straps and two side pockets. It also offers a hydration system preparation. In the lid is a lid compartment with zipper.

[1] Padded Back Carrying System Basic [2] Snow guard with drawstring under the lid [3] Height-adjustable chest belt [4] Removable hip webbing [5] Side compression straps [6] Zipper compartment in the lid [7] Hydration system compatible [8] Side pockets [9] Inside pocket [10] Zigzag rubber lacing [11] Loop for ice tool, poles or equipment [12] MOLLE system [13] MOLLE system on the lid

## TT RANGE PACK MK II

**Item number:** 7605  
**Color:** 331 olive, 346 coyote brown  
**Size / Volume:** 84 x 35 x 27 cm / 90 l + 10 l  
**Weight:** 4,40 kg (without detachable pockets 3,50 kg)  
**Material:** CORDURA® 700 den

Modular, large capacity backpack for individual combatants on mission for several weeks. The front pocket of the rucksack can be detached and used as a daypack, the side pockets are the same as the TT Tac Pouch 8 SP (item 7773) and can be used on any appropriately designed MOLLE panel.

[1] X1 Carrying System [2] Packsack with snow guard [3] Divided main and bottom compartments [4] Fixation for hiking poles or ice axes [5] Height-adjustable chest belt [6] Side compression straps [7] Compression around perimeter of base [8] Detachable lid with 3 zip pockets (2 x outside, 1 x inside) [9] Two ports for drinking tubes on the lid [10] Hydration system compatible [11] Additional detachable side pockets (each 5 l, 7773 TT Tac Pouch 8 SP) [12] Front pocket unzips for use as a daypack (7 l) [13] Weight of main backpack including front- and side pockets = 4,40 kg // Weight of main backpack without front- and side pockets = 3,50 kg [14] MOLLE system on the sides

## TT PATHFINDER MK II

**Item number:** 7622  
**Color:** 331 olive, 346 coyote brown  
**Size / Volume:** 84 x 35 x 22 cm / 80 l  
**Weight:** 3,25 kg  
**Material:** CORDURA® 700 den

Fully-fledged combat backpack for several days in the field. Large, variable volume compression flap on the front for helmets etc. The MOLLE system on the sides is used to attach additional pockets.

- [1] V2 Carrying System [2] Packsack with snow guard [3] Removable section between main and bottom compartment [4] Fixation for hiking poles or ice axes [5] Height-adjustable chest belt [6] Side compression straps [7] Compression around perimeter of base [8] Variable volume compression flap e.g. to attach a helmet [9] Handle on front and back [10] Detachable lid, divided into 3 [11] Two ports for drinking tubes on the lid [12] Rain cover [13] Hydration system compatible [14] Side pockets [15] MOLLE system on all the important attachment areas

## TT FIELD PACK MK II

**Item number:** 7963  
**Color:** 331 olive, 346 coyote brown  
**Size / Volume:** 73 x 32 x 32 cm / 75 l  
**Weight:** 2,65 kg  
**Material:** CORDURA® 700 den

Universal combat backpack with a total capacity of 75 liters. The TT Fieldpack MK II is designed for transport of up to approx. 40 kilograms. Main and bottom compartment can be divided for separate storage of wet or dirty clothing, etc. MOLLE on the front and on the sides serves the individual extension. The V2 Carrying System, which can be adjusted to your own back length, combines a low weight in relation to the size with outstanding flexibility and efficient load transfer.

- [1] V2 Carrying System [2] Packsack with snow guard [3] Removable section between main and bottom compartment [4] Height-adjustable chest belt [5] Compression straps on sides [6] Handle on front and back [7] Height-adjustable lid with zip compartment [8] Hydration system compatible [9] Port for antenna [10] MOLLE system for optional attachment of additional pouches [11] 7572 TT Tac Pouch 9 SP can be used for example as a side pocket [12] 7573 TT Tac Pouch 10 can be used for example as a lid pocket

### TT RAID PACK MK III

**Item number:** 7711  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 65 x 32 x 24 cm / 52 l (48 l + 2x 2 l)  
**Weight:** 2,90 kg  
**Material:** CORDURA® 700 den

Classic military backpack with a total capacity of 52 liters and V2 Plus Carrying System. The TT Raid Pack MK III has a main compartment with a volume of 48 liters and two fixed side pockets with a volume of 2 liters each. MOLLE on the front, the lid, the side pockets and on the hip belt allows individual extension. The V2 Plus Carrying System of the backpack is designed for a weight of up to approx. 40 kilograms and offers great variability when adjusting the back length. Due to the removable hip belt, the backpack can also be carried with fully equipped chest rigs and vests. The hip belt can be used separately as a Warrior Belt.

hiking poles or ice axes [4] Height-adjustable chest belt [5] Removable, padded hip belt [6] Side compression straps [7] Compression around perimeter of base [8] Handles at sides [9] Lid with gear loops [10] Easy-access pocket on top of lid [11] Hydration system compatible [12] Stitched bellow pocket with water drain [13] Gear loops [14] Document storage pocket on the inside of the lid [15] Capacity: main backpack 48 l side pockets each 2 l [16] Antenna ports into the main compartment [17] Hip belt can be used separately as a Warrior Belt [18] Side pockets with external MOLLE system [19] MOLLE system on all the important attachment areas

The items are equipped with the same features. Item 7209 is made of Cordura® 700 den with IRR treatment.

### TT MODULAR TROOPER PACK

**Item number:** 7263  
**Color:** 040 black, 331 olive, 343 khaki, 346 coyote brown  
**Size / Volume:** 62 x 34 x 19 cm / 55 l  
**Weight:** 2,75 kg  
**Material:** CORDURA® 700 den

Universal military backpack with two attachable pockets and the V2 Plus Carrying System. Based on the predecessor model, the TT Modular Trooper Pack offers an optimized arrangement and new functional features. The main compartment opens completely, and the special zipper guides make it possible to use the pack as a top loader. The back panels of the front and main compartment feature MOLLE hook-and-loop for customized loading, and both front pockets have zipper mesh pouches to organize your gear. Laser-cut MOLLE on the front and sides allow you to add pouches or extra gear as you see fit. The backpack has an integrated rain cover and a removable hip belt that can also be used as a Warrior Belt. The back panel can be adjusted to different back lengths.

to Video

Flexible „soft“ load carrier for transporting heavy loads. The TT Base Carrier features a high-performance internal backpack carrying system with three-dimensionally shaped, removable hip belt. The carrier platform features a MOLLE system as well as side loops for various attachments. The TT Base Carrier can be flexibly built up with modular elements, for example with the TT Base Carrier Flap (Art 7332) or the TT Front-Side Pouch SET (Item 7391). The TT Base Carrier Pack (Item 7374) completes the load carrier to a full-fledged backpack. Carrying capacity up to 55 kg.  
 [1] X1 Plus Carrying System [2] Load control straps [3] Height-adjustable chest belt [4] Side compression straps [5] Internal reinforced frame system [6] Loop system for various fastening systems [7] Compatible with TT Base Carrier Pack (item 7374), TT Front-Side Pouch 16 Set (item 7391), TT Modular Quiver Set (item 7392), TT Base Carrier Flap (item 7232)

The TT Base Carrier Pack complements the TT Base Carrier System to a full-fledged backpack and is attached to the load carrier with hooks. The pack sack pulls open completely for easy operation. In addition, for use without the load carrier, it has attachment options on the back for attaching the shoulder and waist belt of the TT Base Carrier System.  
 [1] Compression strap [2] Handle [3] Main compartment with lockable slider [4] Antenna ports into the main compartment [5] Pack sack for the TT Base Carrier System (item 7330) [6] Possibility to mount the shoulder straps and the waist belt of the TT Base Carrier (item 7330) [7] Can be fixed to the TT Base Carrier (item 7330) with hooks [8] MOLLE system on all the important attachment areas [9] Laser-cut MOLLE system [10] MOLLE hook-and-loop on the inside for limitless modularity

## TT BASE CARRIER FLAP

**Item number:** 7332  
**Color:** 331 olive, 346 coyote brown  
**Size:** 75 x 31 cm  
**Weight:** 400 g  
**Material:** CORDURA® 700 den

Carrying flap for the TT Base Carrier. The TT Base Carrier Flap is a precisely fitting supplementary module for the TT Base Carrier (item 7330). The flap is attached to the carrier platform with buckles and hooks.

1] Carrying flap made of CORDURA® laminate, fastening with hook system  
 2] Can be fixed to the TT Base Carrier (item 7330) with hooks

## TT FRONT-SIDE POUCH 16 SET

**Item number:** 7391  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 60 x 20 x 17 cm, 23 l + 23 l  
**Weight:** 810 g (Pair)  
**Material:** 420 HD Nylon FD, CORDURA® 700 den

Large front or side pouch set for backpacks. The TT Front-Side Pouch 16 Set, each pouch with a volume of 23 liter, offers attachment options for use as front pouches as well as right or left side pouches on the backpack. Especially suitable for the TT Base Carrier (item 7330).

[1] Handles [2] Can be opened completely by double zippers [3] Daisy chain on the front [4] Sold in pairs [5] Can be attached to the TT Base Carrier (item 7330) with hooks and compressions straps

to Video

## TT MODULAR PACK 45 PLUS

**Item number:** 7546  
**Color:** 040 black, 331 olive, 343 khaki, 346 coyote brown  
**Size / Volume:** 66 x 28 x 22 cm / 45 l + 5 l  
**Weight:** 2,55 kg (2,85 kg)  
**Material:** CORDURA® 700 den

## TT MODULAR PACK 45 PLUS MC

**Item number:** 7545  
**Color:** 394 multicam  
**Size / Volume:** 66 x 28 x 22 cm / 45 l + 5 l  
**Weight:** 2,55 kg (2,85 kg)  
**Material:** CORDURA® 500 den

## TT MODULAR PACK 45 PLUS IRR

**Item number:** 7052  
**Color:** 332 stone grey olive  
**Size / Volume:** 66 x 28 x 22 cm / 45 l + 5 l  
**Weight:** 2,55 kg (2,85 kg)  
**Material:** CORDURA® 500 den IRR

Large modular backpack made of CORDURA®. The TT Modular Pack 45 Plus can be used both with and without the lid, when used with the lid it can be adjusted in height. The front opening can be pulled open completely. On the sides and on the front, the backpack is equipped with MOLLE in laser-cut design. It also has a removable folding pocket on the front. The inside of the main compartment is covered with hook-and-loop areas for customization. The removable waist belt can be used separately as a Warrior Belt. The backpack comes with three hook-and-looped accessory pockets and a hook-and-looped weapon holder.

[1] V2 Plus Carrying System [2] Length-adjustable shoulder straps [3] Side compression partly on the inside [4] Lid pocket [5] Height-adjustable, detachable lid [6] Main compartment with lockable slider [7] Removable front folded pocket [8] Weight of empty backpack = 2,55 kg // Weight of backpack including accessories = 2,85 kg ▶

[9] Antenna ports into the main compartment [10] Removable hip belt, can be used separately as a Warrior Belt [11] Laser-cut MOLLE system [12] MOLLE hook-and-loop on the inside for modular expansion [13] Including 3 hook-and-loop fastening accessories pouches [14] Including weapon holster (hook-and-loop fastening)

**The items are equipped with the same features. Item 7545 is made of Cordura® 500. Item 7052 is made of Cordura® 500 den with IRR treatment.**

### TT SENTINEL 40

**Item number:** 7333  
**Color:** 021 titan grey, 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 58 x 27 x 18 cm / 40 l  
**Weight:** 1,54 kg  
**Material:** CORDURA® 700 den, T- Square Rip FD

### TT SENTINEL 28

**Item number:** 7353  
**Color:** 021 titan grey, 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 55 x 26 x 15 cm / 28 l  
**Weight:** 1,15 kg  
**Material:** CORDURA® 700 den, T- Square Rip FD

Lightweight backpack with padded back and removable waist belt. The TT Sentinel 40 / TT Sentinel 28 is suitable for carrying light or voluminous equipment. It features two full circumferential compression straps and a roll top closure with two locking positions. MOLLE hook-and-loop patches in the main compartment can be used for individual configurations.

[6] Antenna ports into the main compartment [7] Detachable rear panel with aluminium frame (can be shaped individually) [8] Laser-cut MOLLE system [9] MOLLE hook-and-loop on the inside for limitless modularity [10] Removable, padded hip fins with MOLLE system in laser-cut design

[1] Padded Back Carrying System [2] Two compression straps around the perimeter of the pack [3] Hydration system compatible [4] Front pocket [5] Roll-top with zipper usable in two closing positions ▶

**The items have identical features. Item 7333 has 40 liters volume, item 7353 has 28 liters volume.**

### TT MISSION PACK MK II

**Item number:** 7599  
**Color:** 021 titan grey, 040 black, 331 olive, 343 khaki, 346 coyote brown  
**Size / Volume:** 56 x 34 x 18 cm / 37 l  
**Weight:** 2,05 kg  
**Material:** CORDURA® 700 den

### TT MISSION PACK MK II MC

**Item number:** 7596  
**Color:** 394 multicam  
**Size / Volume:** 56 x 34 x 18 cm / 37 l  
**Weight:** 2,00 kg  
**Material:** CORDURA® 500 den

Proven combat backpack with a capacity of 37 liters, two main compartments and several inner pockets. The TT Mission Pack MK II offers several inner pockets and also features MOLLE hook-and-loop lining in the main compartment for individual loading or modular extensions. On the sides and the flat zip front pocket the backpack is equipped with MOLLE in laser-cut design. A side zip pocket, accessible from the outside, is provided for documents. The backpack has three tube or antenna openings in the main compartments, so that a drinking bladder can also be accommodated. A rain cover is stowed in the bottom compartment. The hip wings with zip pockets are removable. ▶

[1] Padded Back Carrying System [2] Padded hip fins with zippered pockets, removable with hook-and-loop [3] Durable, reinforced handle [4] Main pack sack equipped with emergency carrying handle [5] Hydration system compatible [6] Two large main compartments [7] Integrated rain cover inside the bottom compartment [8] Subdivided into 7 separate pockets [9] Detachable rear panel with aluminium frame (can be shaped individually) [10] Three port or antenna outlets on the main and front compartments ▶

**Material:** CORDURA® 700 den

Escape and survival backpack for personal equipment. The TT Survival Pack offers the right size and equipment for the most important survival utensils. The fully expandable main compartment features six pockets of varying sizes with transparent lids, four of which can be removed. The main compartment is also covered with a large MOLLE hook-and-loop area, which allows for individual additions. The bottom compartment contains a double-sided rain cover (one side with stripes in warning orange) and a tac marker. Two shallow zippered compartments on the front are great for storing documents, for example. Additional pockets or panels can also be hooked into the existing hooks on the front. Backpack shoulder straps as well as carrying handles can be stowed when the backpack is stored in vehicles. ▶

Light, tactical deployment backpack for modular use. The materials used for this deployment backpack are very light, making it super easy to handle. It has a flat main compartment that is hydration system compatible and the back panel is fitted with MOLLE hook-and-loop for customizable loading of your gear. The upper front pocket of the backpack is a flip-top behind which you can attach a magazine holder (three M4 magazines or 4 pistol / MP7 magazines, included with purchase). Both middle front pockets are removable and behind each is a MOLLE hook-and-loop surface. Both the TT Tac Pouch 12 (item 7862) or the TT 2 SGL Backup Mag Pouch M4 (item 7811) can be attached to the lower front pocket. The backpack has a MOLLE reverse system on the back so you can integrate it into a plate carrier. You can also use an included adapter to attach it to plate carriers.

[1] Hydration system compatible [2] Main compartment opens out completely [3] One narrow main compartment [4] Hook-and-loop strips for name tag [5] Capacity: main compartment 9 l, upper front pocket 2 l, ▶

middle front pockets each 1 l, lower front pocket 1 l [6] Removable bungee cord compression [7] Weight backpack without shoulder straps: 735 g [8] Interchangeable magazine inserts for 3 x M4 (PMAG) magazines (50 g), 4 x pistol / MP7 magazines (40 g) [9] MOLLE reverse system [10] Laser-cut MOLLE system [11] MOLLE hook-and-loop on the inside for limitless modularity [12] MOLLE system on the upper front pocket [13] Removable center pockets, underneath MOLLE hook-and-loop [14] Combinable with TT Plate Carrier QR LC as rear section

The items are equipped with the same features. Item 7309 is made of Cordura® 500 den. Item 7308 is made of Cordura® 500 den with IRR treatment.

The Modular Gunners Pack can be combined with e.g. 7080 TT 2 SGL BACKUP MAG POUCH M4 IRR and 7076 TT Tac Pouch 12 IRR.

## TT MODULAR CAMERA PACK 30

Modular backpack conceived as a camera and documentation pack. The main compartment features front access and an extra top opening so you can quickly grab your camera. The interior of the backpack has adjustable partitions for cameras and lenses; the partitions can of course be removed completely. A little organizer pocket for memory cards and filters can also be removed. The backpack has a lid pocket and deep side pockets that are meant to hold a tripod and can be secured with lateral compression straps. The padded back panel system, which includes the padded hip belt, makes the backpack super comfortable to carry. The hip belt with laser-cut MOLLE can also be used to attach accessories, for example lens pouches, and can be removed at any time. The shoulder strap also has a camera fastener. The rain cover in the bottom pouch of the backpack completes the list of features. [1] Padded Back Carrying System [2] Height-adjustable chest belt [3] Compression strap [4] Handles [5] Lockable zipper slider [6] Lid with zip pocket [7] Integrated rain cover inside the bottom compartment [8] Side pockets [9] Hook-and-loop closure patch on the frontside (loop) [10] Zipped front opening [11] Large zipped opening [12] Functional interior layout for camera and accessories [13] Camera holder on the shoulder strap [14] Tripod fixation [15] Removable zip-up bag [16] Hook-and-loop patch on the inside (loop) [17] Removable hip belt, can be used separately as a Warrior Belt [18] Laser-cut MOLLE system [19] Detachable rear panel with aluminium frame (can be shaped individually)

### TT ASSAULT PACK 12

[1] Padded Back Carrying System [2] Handle [3] Lid pouch inside and outside with 11 individually configured zipped pockets [4] Rain cover [5] Various elastic loops for securing tools, first aid equipment, etc. [6] Integrated red-cross flag - can also be used separately [7] Transparent accessory pockets (e.g. for medicine or cannulas) [8] Weight of empty backpack = 3,00 kg // Weight of backpack including all side pockets and accessories = 4,50 kg [9] Removable panel with MOLLE system and different attachment options and additional handle for hanging [10] Hydration system compatible in the long side pocket [11] Left: Large divided detachable side pocket (6 l) [12] Right: Two detachable smaller side pockets (per 1.25 l)

## TT MEDIC ASSAULT PACK L MK II

<b>Item number:</b>	7965
<b>Color:</b>	040 black, 331 olive, 346 coyote brown
<b>Size / Volume:</b>	46 x 28 x 10 cm / 19 l
<b>Weight:</b>	1,05 kg (1,65 kg)
<b>Material:</b>	CORDURA® 700 den

Large medic backpack with intelligent and clear interior divider system. The TT Medic Assault Pack L MK II is now the third size of the tried and tested medic backpack from Tasmanian Tiger. The backpack is about 4 cm (one MOLLE strip) deeper than the two smaller models. It has laser-cut MOLLE on the front and sides. The bottom has attachments for a rescue blanket. The light, padded shoulder straps can be removed and stowed in a pocket with hook-and-loop panels on the back. The backpack can also be converted for plate carriers and vests using the straps supplied with it. Stowable carrying handles help to quickly transport it in emergencies.

[1] Removable shoulder carrying system that can be stored in the back if needed [2] Large handle for carrying when open [3] Internal variable fixation points to store medical equipment [4] Scissors bag ▶

**Color:** 021 titan grey, 040 black, 346 coyote brown  
**Size / Volume:** 39 x 25 x 15 cm / 15 l  
**Weight:** 1,25 kg  
**Material:** CORDURA® 700 den / T-Square Rip FD

The TT Modular Equipment Case is versatile and can be used as a weapon bag, laptop bag, equipment bag or camera bag. It features a MOLLE hook-and-loop panel on the inside as well as flexible, padded dividers.

[1] Detachable shoulder padding, rubberised on the underside [2] Size-Adjustable carrying strap with shoulder pad [3] Durable, reinforced handle [4] Flap secured by hook-and-loop and quick-release closures [5] Mesh pocket on the inside of the lid [6] Front compartment with zipper [7] Extensive additional padding [8] Flexible dividers [9] Quick access form topside [10] Large MOLLE hook-and-loop patch inside [11] MOLLE system for attachment of holster, magazine pockets etc. under the lid [12] Laptop compartment suitable for 12-inch-laptop, adjustable in width, can be used as weapon compartment [13] Shorter dividers included to use the bag as a gun bag

## TT SHOULDER BAG

**Item number:** 7355  
**Color:** 021 titan grey, 040 black, 331 olive, 346 coyote brown  
**Size / Volume:** 31 x 43 x 13 cm / 20 l  
**Weight:** 1,02 kg  
**Material:** T-Square Rip FD / CORDURA® 700 den

Compressible shoulder bag with two lockable main compartments, one of which is padded, as well as a flat zippered front pocket. In both main compartments there are MOLLE hook-and-loop patches for individual equipment. The bag can be compressed using the buckles on the outside.

[1] Detachable, size-adjustable carrying strap with a rubberised shoulder pad [2] Various carrying options due to variable fixation of the shoulder strap [3] Compression strap [4] Durable, reinforced handle [5] Base made from durable CORDURA® material [6] Zip pocket for additional equipment or documents on the front [7] Suitable for TT Modular Laptop Case (item 7802) [8] Suitable for TT Weapon Fixation Set VL (item 7357) [9] Removable, single-row laser-cut MOLLE panel on the shoulder strap [10] Designed for an MP7 or similar weapons

## TT CHECK IN XL

**Item number:** 7071  
**Color:** 021 titan grey, 040 black  
**Size / Volume:** 28 x 21 x 10,5 cm / 6 l  
**Weight:** 350 g  
**Material:** Tec Rip 5.0

A handy shoulder bag for civilian use or undercover deployments. The TT Check In XL has a MOLLE hook-and-loop main compartment that can be used as a weapons pocket as well as a front zipper pocket and a small side pocket. The front pocket has organizer pouches as well as a warning flag integrated with a hook-and-loop closure that can be attached to the front of the bag.

[1] Detachable, size-adjustable carrying strap [2] Handle [3] Main compartment with internal zippered pocket [4] Zippered pocket [5] Small insert pocket on the side [6] Organizer with zip pocket in the front compartment [7] Universal belt loop (hook-and-loop) on the back [8] Signal flag with hook-and-loop surface (loop) integrated in the pocket [9] Elastic loops for magazines in the front compartment [10] MOLLE hook-and-loop for weapon fixations on the backside

## TT SUPPORT BAG

**Item number:** 7170  
**Color:** 040 black, 331 olive  
**Size / Volume:** 35 x 23 x 10 cm / 9 l  
**Weight:** 730 g  
**Material:** TPU CORDURA® 700 den

Small, sturdy shoulder bag in the TacVec series.

[1] Detachable, size-adjustable carrying strap with shoulder pad [2] Durable handle [3] Zip compartment on back [4] Detachable lid flap [5] Lid flap can be closed with flat hooks or SR buckles [6] Extensive additional padding [7] MOLLE hook-and-loop on the inside for modular expansion

WITHOUT SIDE ATTACHMENT ALSO SUITABLE FOR  
TT Modular Trooper Pack on page 17

## TT MULTIPURPOSE EQUIPMENT INSERT

**Item number:** 7326  
**Color:** 021 titan grey, 331 olive  
**Size:** 40 x 31 x 15 cm  
**Weight:** 1,26 kg  
**Material:** T-Square Rip FD

to Video

Padded inner bag with flexible dividers, suitable for the TT Modular Pack 45. The TT Multipurpose Equipment Insert has a zip-off front lid and top access, e.g. for the camera. In addition to the flexible dividers, it features transparent mesh interior compartments and an organizer. With the help of hook-and-loop strips on the outside, it can be fixed precisely to modular hook-and-loop panels. The loops on the upper edge can be used to attach the insert to all MOLLE panels or to the TT Modular Front Seat Panel with TT SR 256 Safety QA buckles.

[1] Handle [2] Zip compartment on the front [3] Removable, padded front lid [4] Main compartment with lockable slider [5] External second opening for a camera on the top side [6] Mesh interior compartments made of transparent textile material [7] Small organizer [8] Extensive additional padding [9] Flexible dividers [10] Suitable for TT Modular Pack 45 [11] Hook-and-loop adapter for mounting on modular hook-and-loop surfaces [12] MOLLE hook-and-loop area on the front

NEW

## TT MODULAR PACK 30

**Item number:** 7593  
**Color:** 021 titan grey, 040 black, 331 olive, 343 khaki, 346 coyote brown  
**Size / Volume:** 58 x 27 x 18 cm / 30 l  
**Weight:** 1,65 kg (incl. ACC's 1,95 kg)  
**Material:** CORDURA® 700 den

Modular universal combat backpack. Supplied with three hook-and-loop fastening accessories pouches and a hook-and-loop weapon holster. For more detail on the article, see page 30.

[1] Padded Back Carrying System [2] Length-adjustable shoulder straps [3] Detachable padded hip fins with zipped pockets [4] Side compression on the inside [5] Lid pocket [6] Lid pocket with small organizer [7] Zigzag rubber lacing [8] Weight of empty backpack = 1,65 kg // Weight of backpack including accessories = 1,95 kg [9] Antenna ports into the main compartment [10] MOLLE hook-and-loop on the inside for limitless modularity [11] Including 3 hook-and-loop fastening accessories pouches [12] Including weapon holster (hook-and-loop fastening) [13] removable back plate with aluminum rail (individually formable)

## TT MODULAR TELE INSERT

**Item number:** 7382  
**Color:** 021 titan grey,  
**Weight:** 700 g (Set)  
**Material:** 420 HD Nylon FD

Padded telephoto lens insert with dividers for the TT Modular Pack 30. With this insert, the TT Modular Pack 30 can be converted into a photo backpack. It offers space for a telephoto lens up to a length of 37 cm and for other, smaller lenses. The subdivisions are variable.

[1] Suitable for a telephoto lens up to a length of 370 mm and Ø 135 mm [2] Flexible dividers [3] Depending on the arrangement of the main lens (e.g. sideways), one or more other lenses with up to 90 mm Ø can also be taken along [4] When the telephoto lens is positioned in the center, accessories can be stowed on the side [5] Fits to TT Modular Pack 30

## TT FOCUS ML CAMERA BAG

**Item number:** 7866  
**Color:** 021 titan grey, 040 black, 331 olive  
**Size:** 23 x 20 x 12 cm  
**Weight:** 500 g  
**Material:** CORDURA® 700 den

Functional carrying bag for ML or smaller DSLR cameras.

[1] Detachable Size-Adjustable carrying strap [2] Removable hip belt [3] Carrying handle on sides [4] Pocket integrated in the lid [5] Completely padded main compartment with zip closure [6] Small hook-and-loop patch on the lid [7] Two pouches for accessories inside [8] Flexible dividers [9] Can be worn directly on the belt with loop on the backside [10] MOLLE reverse system [11] Laser-cut MOLLE system

## TT MODULAR CAMERA PACK 30

**Item number:** 7192  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 58 x 28 x 19 cm / 30 l  
**Weight:** 2,40 kg  
**Material:** CORDURA® 700 den

to Video

Modular backpack conceived as a camera and documentation pack. The focus here is on comfort and usability. The main compartment features front access and an extra top opening so you can quickly grab your camera. The interior of the backpack has adjustable partitions for cameras and lenses; the partitions can of course be removed completely. A little organizer pocket for memory cards and filters can also be removed. The backpack has a lid pocket and deep side pockets that are meant to hold a tripod and can be secured with lateral compression straps. Laser-cut MOLLE on the sides and front can be used to add gear as you see fit. The padded back panel system, which includes the padded hip belt, makes the backpack super comfortable to carry. The hip belt with laser-cut MOLLE can also be used to attach accessories, for example lens pouches, and can be removed at any time. The shoulder strap also has a camera fastener. The rain cover in the bottom pouch of the backpack completes the list of features.

[1] Padded Back Carrying System [2] Height-adjustable chest belt [3] Compression strap [4] Handles [5] Lockable zipper slider [6] Lid with zip pocket [7] Integrated rain cover inside the bottom compartment [8] Functional interior layout for camera and accessories [9] Camera holder on the shoulder strap [10] Removable zip-up bag [11] Removable hip belt, can be used separately as a Warrior Belt [12] Laser-cut MOLLE system [13] removable back plate with aluminum rail (individually formable)

## TT MODULAR CAMERA INSERT 30

**Item number:** 7180  
**Color:** 040 black, 331 olive  
**Size:** 28 x 26 x 12 cm  
**Weight:** 520 g (Set)  
**Material:** 420 HD Nylon

The insert converts the TT Modular Pack 30 into a camera backpack. It offers space for DSLR and ML cameras, including multiple lenses, and features a small organizer for memory cards and filters. The partitions are flexible. [1] Small organizer [2] Including accessories pouch: 17 x 12,5 x 1,5 cm, 80 g

NEW

## TT MULTIPURPOSE SLING MK II

**Item number:** 7387  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 150 x 5,5 cm  
**Weight:** 280 g (set)  
**Material:** Nylon Webbing

Padded carrying strap with various carrying and attachment options. Per plug-in buckle, either a weapon hook, a strap for strap eyelets or a 3 mm reep cord for cameras (2 strings of 3 mm diameter each) can be threaded. The length adjustment is integrated in the strap deflection. The maximum load of the camera suspension is 85 kilograms and it should be replaced when the inner white core becomes visible.

[1] Integrated length adjustment [2] Padded neck / shoulder strap [3] Made from 25 mm webbing [4] Interchangeable ends: rifle hook, camera sling (3 mm) or webbing for sling swivels

### TT TELE LENS BAG

**Item number:** 7350  
**Color:** 021 titan grey 040 black, 331 olive  
**Size:** 24 x 11,5 x 12 cm  
**Weight:** 180 g  
**Material:** CORDURA® 700 den

Padded bag for medium telephoto lenses. The flexible movement gusset on the front of the bag allows the handle to remain on the lens. With hook-and-loop and length adjustment for different lens lengths and a MOLLE system on the back.

[1] Tapered, padded main compartment with zipper closure [2] Can also be used with 50mm belts [3] Suitable for medium telephoto lenses up to 100mm diameter and 245mm length [4] Flexible mount for tripod clamps (can remain on the lens) [5] MOLLE system on the backside

### TT MODULAR LENS BAG VL INSERT M

**Item number:** 7196  
**Color:** 021 titan grey, 040 black, 331 olive  
**Size:** 17 x 10 x 10 cm  
**Weight:** 130 g  
**Material:** CORDURA® 700 den

Attachable zippered pouch for camera lenses with a diameter up to 85 mm and a length up to 135 mm. For use in modular backpacks. [1] Hook-and-loop and length adjustment for lenses with varying lengths [2] Padded main compartment with zipper [3] Hook-and-loop closure on the backside

### TT MODULAR LENS BAG VL INSERT S

**Item number:** 7173  
**Color:** 021 titan grey, 040 black, 331 olive  
**Size:** 12 x 9 x 9 cm  
**Weight:** 90 g  
**Material:** CORDURA® 700 den

Padded bag for camera lenses. Adjustable hook attachment as well as adjustable length for different lens sizes and a hook-and-loop system on the back. [1] Hook-and-loop and length adjustment for lenses with varying lengths [2] Dimensions inside: 11 x Ø 8 cm [3] Padded main compartment with zipper [4] Hook-and-loop closure on the backside

### TT CAMERA HARNESS HOLSTER

**Item number:** 7239  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 16 x 9 x 9 cm  
**Weight:** 90 g  
**Material:** Polyester Webbing

Practical camera holster for attachment to backpack shoulder straps, suitable for many backpack models. The adjustable holder (up to approx. 9.5 cm lens diameter) fixes the ready-to-use camera for immediate access and thus relieves the neck. The attachment to the shoulder strap via webbing and hook-and-loop closure. The neck strap of the camera must be used as an additional backup. To maintain the balance, a lens length of at least 8 cm is recommended, but this depends on the camera weight.

[1] Hook-and-loop closure [2] To be used on shoulder straps [3] To secure a loop or a D-ring on the shoulder belt is needed

### TT MODULAR DIGICAM VL INSERT

**Item number:** 7195  
**Color:** 021 titan grey, 040 black, 331 olive  
**Size:** 19 x 11 x 10 cm  
**Weight:** 155 g  
**Material:** CORDURA® 700 den

Attachable and size-adjustable bag for digital and system cameras with mounted lenses. For use in modular backpacks and on surfaces with MOLLE hook-and-loop. [1] Adjustable in length and width [2] Suitable for lens sizes up to approx. 95 mm diameter and 145 mm length [3] Flap with hook-and-loop closure [4] Not suitable for system cameras with battery compartment

### TT MODULAR LENS BAG M

**Item number:** 7172  
**Color:** 021 titan grey, 040 black, 331 olive  
**Size:** 17 x 10 x 10 cm  
**Weight:** 130 g  
**Material:** CORDURA® 700 den

Padded bag for camera lenses. Adjustable hook attachment as well as adjustable length for different lens sizes and a MOLLE system on the back. [1] Hook-and-loop and length adjustment for lenses with varying lengths [2] Dimensions inside: 16 x Ø 9,5 cm [3] Padded main compartment with zipper [4] MOLLE system on the backside

**TACTICAL EQUIPMENT**

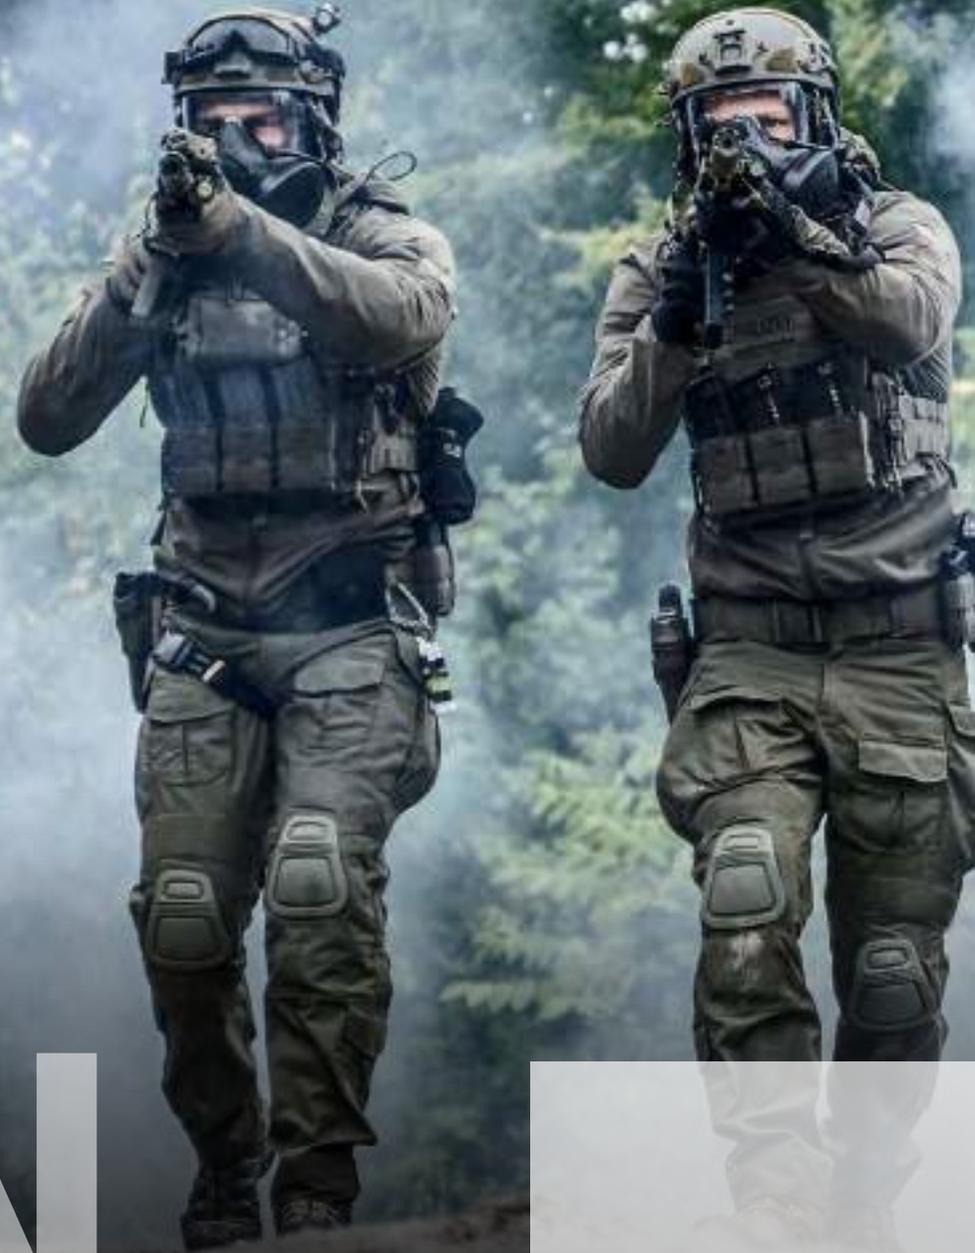

FOCUS ZIP ON

# ZIP ON

The new **ZP Series** from Tasmanian Tiger allows the quick change of pre-configured modules on the appropriately equipped plate carrier: The **TT Plate Carrier QR LC ZP** features zippers on the back, the panels and packs are simply inserted and zipped on. The plate carrier is delivered including a zipped-on panel, but the **TT Molle Panel ZP** is also available separately as an interchangeable panel. In addition, the tactical **TT Operator Pack ZP**, the emergency pack **TT Medic Assault Pack S ZP** and the breacher pack **TT Tool Pack ZP** are available as zip-on modules. Furthermore, the zippered MOLLE strips included in each case provide the option of attaching them to all plate carriers with six MOLLE stripes via the MOLLE system.

**\*\* All marked articles have zippered Molle strips for mounting**

**NEW**

## TT PLATE CARRIER QR LC ZP\*\*

**Item number:** 7500  
**Color:** 331 olive, 346 coyote brown  
**Size:** Unisex

# NIGHT CAMOUFLAGE

## THE TT PRODUCT RANGE EQUIPPED WITH IRR PROTECTION

CORDURA® &  
INFRA-RED  
REFLECTANCE

Tasmanian Tiger manufactures tactical equipment of the highest level and addresses the security issue of camouflage, under the observation of night vision devices, with an extensive product range.

Chest rigs and plate carriers, mission and medic backpacks as well as magazine pouches, tactical pouches and daypacks are offered in the color **stone grey olive with certified IRR treatment**.

Both the CORDURA® materials as well as webbing, hook-and-loop fasteners and buckles meet the high German Bundeswehr standards TL 8305-0278 and TL 8305-0281 with regard to the IRR camouflage effect (IRR 650 - 1250nm / 10 - 42%).

[1] Best RFID scan protection with TÜV certified RFID blocking material CRYPTALLOY® [2] Shielding against all frequencies and can be used for all cards

## TT CARD HOLDER RFID B

**Item number:** 7855  
**Color:** 040 black, 331 olive  
**Size:** 9,5 x 6 cm  
**Weight:** 15 g  
**Material:** T-Square Rip Light / CRYPTALLOY®

Foldout sleeve with RFID readout protection for at least four credit cards, bank cards, key cards or ID cards in credit card format.

[1] Best RFID scan protection with TÜV certified RFID blocking material CRYPTALLOY® [2] Shielding against all frequencies and can be used for all cards [3] Space for at least four cards [4] Elastic strap closure

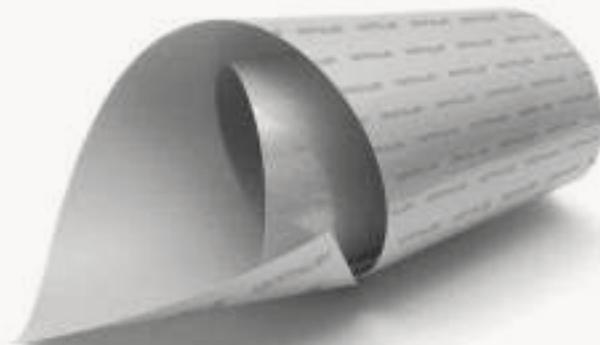

Tasmanian Tiger's RFID Block Series wallets, document cases and pouches offer 100% protection from data theft by radio-based readers or NFC smartphones with a readout app. The **Cryptalloy®** film built into the products securely shields radio waves of all commercial frequencies used in the field, making readout virtually impossible.

**Possible consequences of data theft:**  
identity theft, loss of credit, exposure of behaviour and movement profiles, unauthorised access to business and/or private premises, etc.

TASMANIAN TIGER uses **Cryptalloy®**, a special metal alloy made by Kryptontronic Technologies of Munich, for its RFID Block products. Compared with regular metallised foils, coatings and fabrics of the same strength and flexibility that still allow a proportion of the radio frequency through, **Cryptalloy®** almost completely blocks the signal (remaining signal no longer measurable). **Cryptalloy®** has been tested by SGS/TÜV Saarland Foster GmbH, and is confirmed and certified as suitable for screening against the unauthorised reading of RFID chips (including remote chips, NFC) on commercial frequencies 125 kHz, 13.5 MHz and 900 MHz. What is significant is the protection on frequency 125 kHz. Protection against this frequency guarantees maximum protection against all the usual RFID frequencies.

**CRYPTALLOY®**  
RFID DOCUMENT SAFE

## TT WALLET RFID B

**Item number:** 7766  
**Color:** 040 black, 331 olive

**Item number:** 7277

**Color:** 040 black, 332 stone grey olive

**Size:** 105 x 3,8 cm / Unisex

**Weight:** 140 g

**Material:** Spandex Webbing

Elastic belt with patented metal quick-release buckle (EU patent).

[1] Length-adjustable [2] Elastic webbing [3] Tasmanian Tiger logo on the buckle

## TT STRETCH BELT 38 MM

**Item number:** 7839

**Color:** 040 black, 331 olive

**Size:** 120 x 3,8 cm / Unisex

**Weight:** 100 g

**Material:** Spandex Webbing

Elastic belt with hook fastening made of aluminium.

[1] Unisex size [2] Length-adjustable [3] Elastic webbing [4] Nickel free aluminium hook closure [5] Tasmanian Tiger logo on the buckle

## TT STRETCH BELT 32 MM

**Item number:** 7948

**Color:** 040 black, 346 coyote brown

**Size:** 125 x 3,2 cm / Unisex

**Weight:** 80 g

**Material:** Spandex Webbing

Elastic belt with hook fastening made of aluminium.

[1] Unisex size [2] Elastic webbing [3] Nickel free aluminium hook closure [4] Tasmanian Tiger logo on the buckle [5] Length-adjustable

## TT 50 BELT

**Item number:** 7681

**Color:** 040 black

**Size:** S: 75 – 90 cm x 5 cm / 145 g

**Weight:** M: 90 – 105 cm x 5 cm / 160 g

L: 105 – 120 cm x 5 cm / 170 g

XL: 120 – 135 cm x 5 cm / 185 g

**Material:** Polyester Webbing

Strong 50 mm waist belt with safety buckle.

[1] Four sizes [2] Length-adjustable [3] Belt buckle with protection against accidental opening

## TT HYP BELT 38 MM

**Item number:** 7639

**Color:** 040 black, 331 olive, 346 coyote brown

**Size:** 120 x 3,8 cm

**Weight:** 70 g

**Material:** TPU Nylon 420 den

Flat, partly elastic pants belt made of TPU Nylon 420 den that is coated on both sides. Perforations are spaced in MOLLE design.

[1] Unisex size [2] length-adjustable [3] Tasmanian Tiger logo on the buckle

## TT HYP BELT 30 MM

**Item number:** 7949

**Color:** 040 black, 346 coyote brown

**Size:** 120 x 3 cm

**Weight:** 60 g

**Material:** TPU Nylon 420 den

Flat, partly elastic pants belt made of TPU Nylon 420 den that is coated on both sides. Perforations are spaced in MOLLE design.

[1] Unisex size [2] Tasmanian Tiger logo on the buckle [3] Length-adjustable

## TT EQUIPMENT BELT INNER

**Item number:** 7231  
**Color:** 040 black  
**Size/Weight:**  
 S: 75 – 90 cm x 3,8 cm / 55 g  
 M: 90 – 105 cm x 3,8 cm / 65 g  
 L: 105 – 120 cm x 3,8 cm / 70 g  
 XL: 120 – 135 cm x 3,8 cm / 80 g  
**Material:** Nylon

Belt with hook-and-loop (loops) on the outside.

[1] Available in four sizes [2] Simple trouser belt [3] Hook-and-loop (loops) on the outside

## TT TACTICAL BELT MK II

**Item number:** 7634  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size/Weight:**  
 S: 80 – 90 cm x 4,3 cm / 190 g  
 M: 95 – 105 cm x 4,3 cm / 210 g  
 L: 110 – 120 cm x 4,3 cm / 225 g  
 XL: 125 – 135 cm x 4,3 cm / 245 g  
**Material:** Polyester Webbing

Strong 43 mm belt with a Cobra® buckle by AustriAlpin.

[1] Four sizes [2] Length-adjustable [3] Inside with secure zipper pockets for money etc. [4] 45 mm COBRA® buckle

## TT EQUIPMENT BELT-OUTER

**Item number:** 7746  
**Color:** 040 black  
**Size/Weight:**  
 S: 75 – 90 cm x 5 cm / 170 g  
 M: 90 – 105 cm x 5 cm / 190 g  
 L: 105 – 120 cm x 5 cm / 210 g  
 XL: 120 – 135 cm x 5 cm / 225 g  
**Material:** Nylon Webbing

Reinforced 50 mm belt.

[1] Four sizes [2] Belt buckle with protection against accidental opening [3] With hook-and-loop closure (hooks) on the inside for attachment to an inner belt, e.g. item 7231

## TT EQUIPMENT BELT SET MK II

**Item number:** 7633  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size/Weight:**  
 S: 80 – 90 cm x 4,3 cm / 220 g  
 M: 95 – 105 cm x 4,3 cm / 235 g  
 L: 110 – 120 cm x 4,3 cm / 250 g  
 XL: 125 – 135 cm x 4,3 cm / 270 g  
**Material:** Polyester Webbing

Combination of tactical inside and outside belt. The 43 mm outside belt has a Cobra® buckle by AustriAlpin, while the hook-and-loop-attached 38 mm inside belt has a hook-and-loop closure.

[1] Four sizes [2] Length of the outside and inside belt is adjustable [3] 45 mm COBRA® buckle [4] Inner belt can be worn separately as a belt for trousers

### SAFETY NOTICE:

### TT TACTICAL BELT MK II / TT EQUIPMENT BELT MK II SET

For safety reasons all TT belts with Cobra® buckles are not allowed to be used as mountaineering equipment.

APPAREL

## TT IDAHO M'S PULLOVER

**Item number:** 7653  
**Color:** 040 black, 331 olive, 343 khaki  
**Sizes:** XS – 3XL  
**Back Length:** 70 cm / Gr. L  
**Weight:** 200 g / Size L  
**Material:** T-Microfleece 100D

Fleece pullover made of T-Microfleece 100D material with antibacterial treatment.

[1] Flatlock stitching to avoid chafing [2] Stand-up collar with chin protection and zipper

## TT NEVADA M'S JACKET MK III

**Item number:** 7205  
**Color:** 040 black, 331 olive  
**Sizes / Back Length:** XS – 3XL / 78 cm / Size L  
**Weight:** 600 g / Size L  
**Material:** T-SoftShell 3L  
**Breathability:** 8.000 g/m<sup>2</sup>/24h

Breathable Softshell jacket, windproof and warm.

[1] Seams are not sealed for waterproofness. However, as a result of the seam construction, water penetration has been prevented as best as possible [2] High collar [3] Soft chin protection [4] Adjustable, elastic string in the collar [5] Pit zips for increased ventilation [6] Hook-and-loop patches on upper arm pockets [7] E/string-adjustable hem [8] Two fitted upper arm pockets with zip fastening [9] Front pockets with zip closure [10] Chest pockets with zipper [11] Bounded sleeve hem [12] Embroidered logo [13] Slightly wider cut shape

## TT MAINE M'S JACKET

**Item number:** 7204  
**Color:** 040 black, 331 olive  
**Sizes:** XS – 3XL  
**Back Length:** 75 cm / Size L  
**Weight:** 355 g / Size L  
**Material:** T-SoftShell Light Recycled

Ultralight wind-resistant Softshell jacket. Light elastic Softshell material provides you with the best possible range of motion. It has two front zipper pockets with cable guides. Both upper arm sections have hook-and-loop surfaces for attaching rank badges. The hood is adjustable.

[1] Including a storage bag [2] Bend-friendly designed hook-and-loop surfaces on both upper arms [3] Adjustable hood with soft chin protection [4] Seamless yoke [5] Pre-shaped sleeves [6] Partly elastic sleeve hem [7] Front zip with inner wind protection [8] E/string-adjustable hem [9] Front pockets with zip closure [10] All pockets with cable port [11] Pocket bags can be used on the inside as vertical insertion pockets

## TT DAKOTA M'S RAIN PANTS

**Item number:** 7201  
**Color:** 040 black, 331 olive, 798 darkest grey  
**Sizes:** 46 – 56

**Weight:** 500 g / Size 52  
**Material:** T-Vent 3L  
**Breathability:** 15.000 g/m<sup>2</sup>/24h  
**Water column:** 20.000 mm

Robust, elastic rain pants made from waterproof and breathable T-Vent 3L. Fixed elastic belt with hook closure on the frontside. The leg zippers can be opened up to thigh level so you can also put on the pants while wearing shoes.

[1] CORDURA® 700 PD inserts in ankle area [2] Ergonomically shaped knee [3] Thermo fusion two-way zip along leg [4] Front closure with zip and snap button [5] Fixed elastic belt with hook closure at the waist [6] Adjustable hem [7] Logo print [8] Regular fit

## TT DAKOTA RAIN M'S JACKET MK II

**Item number:** 7203  
**Color:** 040 black, 331 olive, 798 darkest grey  
**Sizes:** XS – 3XL  
**Back Length:** 78 cm / Size L  
**Weight:** 530 g / Size L  
**Material:** T-Vent 3L  
**Breathability:** 15.000 g/m<sup>2</sup>/24h  
**Water column:** 20.000 mm

Water-resistant and breathable three-layer jacket made of T-Vent 3L.

[1] Two-way adjustable hood with reinforced brim [2] Chin part with soft chin protection [3] Seamless shoulder to avoid chafing [4] Thermo fusion pit zips for increased ventilation [5] Ergonomically shaped raglan sleeves [6] Adjustable cuff tabs with hook-and-loop closure [7] Hook-and-loop patch on left upper arm [8] Water repellent two-way front zip with inner wind protection [9] E/string-adjustable hem [10] Napoleon pocket with thermo fusion zip [11] Front pockets with water repellent thermo fusion zips [12] All pockets with cable port [13] Logo print [14] Regular fit

## TT TACTICAL CAP

**Item number:** 7659  
**Color:** 040 black, 331 olive  
**Size:** Unisex  
**Weight:** 80 g  
**Material:** Cotton

Cap with hook-and-loop surface for patches. Adjustable in width.

[1] Width adjustment through hook&loop closure [2] Embroidered www.tasmaniantiger.info logo on the back [3] Reinforced shield [4] Hook&loop surface (loop) for patches with the embroidered Tasmanian Tiger logo

## TT TAC MUFF HAND WARMER

**Item number:** 7676  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** One Size  
**Weight:** 230 g  
**Material:** CORDURA® 700 den / T-Microfleece 100D / T-Insulation

Padded fleece-lined muff with fastening option on MOLLE or other loops. Elastic mesh prevents heat loss.

[1] Hand insert with elastic bungee cord closure [2] Additional heat-insulating layer of padded T-Insulation between the main and lining materials [3] Attachment to MOLLE or other belts [4] Fleece inner side

## TT FLEECE CAP

**Item number:** 7654  
**Color:** 040 black, 331 olive, 343 khaki  
**Size:** Unisex  
**Weight:** 30 g  
**Material:** T-Microfleece 100D

Microfleece hat.

[1] Unisex size [2] Embroidered logo

## TT TAC PONCHO S/M/L

**Item number:** 7642  
**Color:** 040 black, 331 olive  
**Sizes:** S, M, L  
**Back Length / Front length:** S: 105 cm / 90 cm  
M: 116 cm / 97 cm  
L: 134 cm / 109 cm  
**Weight:** 200 g / Size L  
**Water column:** 1.500 mm  
**Material:** T-Cover Tex

Waterproof rain poncho with hood and zipper-close sides. A large zipper opening in the front allows for quick-access to the front panels.

[1] Including stuff bag [2] Two-way zipper in the side seams [3] Zipper closure front opening for underlying chest rigs [4] Fixation securing fabric in heavy wind conditions [5] Taped seams [6] Hood with drawstring and cord stopper [7] Sleeve ends with press studs for adjustment [8] Logo print

### TT WEBBING STRAP 18 MM - 0,75 / 1 / 1,5 / 3 M

**Item number:** 7217 / 7218 / 7219 / 7220  
**Color:** 331 olive  
**Size:** 75 x 1,8 cm, 100 x 1,8 cm, 150 x 1,8 cm, 300 x 1,8 cm  
**Weight:** 32 g / 36 g / 42 g / 84 g  
**Material:** Nylon Webbing

Pack strap for minimising volume. This strap enables you to compress your luggage and save volume. Or the strap can be used to attach baggage to the outside of your rucksack.

[1] Length-adjustable

### TT HIP BELT 25 MM / 38 MM

**Item number:** 7240 / 7241  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 110 x 2,5 cm, 110 x 3,8 cm  
**Weight:** 50 g / 80 g  
**Material:** Nylon Webbing

Functional waist belt for ergonomic carrying. This accessory for compatible backpacks is simply attached to the existing eyelets at hip height to add extra stability.

[1] Length-adjustable

NEW

### TT BUNGEE CORD SET

**Item number:** 7346  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Weight:** 85 g (Set)  
**Material:** TPU Nylon 420 den, Elastic String, Acetal

Fastening set for individual assembly and as a replacement. Consisting of 6 meters of bungee cord, Nylon magazine fasteners and 6 cord stoppers.

[1] Including 6 m bungee cord [2] Including Nylon magazine catches [3] Including 6 cord stoppers

## TT SR 25 MOLLE

**Item number:** 7881  
**Color:** 040 black, 331 olive  
**Size:** 4,5 x 3,4 cm  
**Weight:** 20 g (pair)  
**Material:** Acetal

Side release buckle for horizontal and vertical fixation on any MOLLE system. [1] Sold in pairs [2] Suitable for 25 mm webbing

## TT SR 25 V MOLLE

**Item number:** 7886  
**Color:** 040 black, 331 olive  
**Size:** 4,5 x 3,4 cm  
**Weight:** 20 g (pair)  
**Material:** Acetal

Side release buckle for vertical fixation on any MOLLE system. [1] Sold in pairs [2] Suitable for 25 mm webbing [3] For vertical use only

## TT SR 25 SAFETY QA

**Item number:** 7278  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 6 x 3,5 cm  
**Weight:** 24 g (pair)  
**Material:** Acetal

Strong, quick-release multipurpose buckles for vertical attachment to MOLLE systems and to the various gear loops.

[1] Sold in pairs [2] Suitable for 25 mm webbing [3] SR buckle (female) for hanging in MOLLE or loops

## TT SR 25 / SR 38 / SR 38 DUAL / SR 50 DUAL

**Item number:** 7882 / 7883 / 7887 / 7884  
**Color:** 040 black, 331 olive, 343 khaki  
**Size:** 6 x 3,5 cm / 7 x 4,8 cm / 7 x 4,8 cm / 8 x 6 cm  
**Weight:** 12 g / 22 g / 22 g / 34 g  
**Material:** Acetal

Quick-release buckle for repairs and replacement, available in the sizes 25 mm, 38 mm, and 50 mm.

[1] Three sizes [2] Suitable for 25 mm webbing (SR 25)

## TT CARRYING STRAP 50 MM

**Item number:** 7210  
**Color:** 040 black, 331 olive  
**Size:** 120 x 5 cm  
**Weight:** 130 g  
**Material:** CORDURA® 700 den, Nylon Webbing

Padded shoulder strap. The length of the shoulder strap can be individually adjusted and is very comfortable to carry thanks to the sewn-in shoulder padding.

[1] Size-Adjustable carrying strap with shoulder pad [2] Secret pocket under hook-and-loop patch, e.g. for coins [3] Includes two metal snaphooks [4] NON-slip material [5] Hook-and-loop surface (loop) for patches etc.

## TT SHOULDER PAD 50 MM

**Item number:** 7211  
**Color:** 040 black, 331 olive, 346 coyote brown  
**Size:** 27 x 7 cm  
**Weight:** 40 g  
**Material:** CORDURA® 700 den

Shoulder pad to make carrying heavy loads easier. Absorbs the load transfer on the shoulder and fits on a strap up to 5 cm wide.

[1] Extra shoulder cushion for heavier loads [2] Secret pocket under hook-and-loop patch, e.g. for coins [3] NON-slip material [4] Hook-and-loop surface (loop) for patches etc.

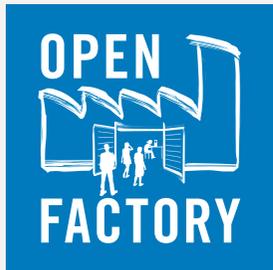

FAIR & TRANSPARENT PRODUCTION

# TRANSPARENCY INSPIRES TRUST

Tasmanian Tiger products are made according to European manufacturing standards under high social conditions at our own factories in Vietnam. You are very welcome to visit our factory Mountech Co. Ltd. on any friday and experience how it operates.

[www.openfactory.tatonka.com](http://www.openfactory.tatonka.com)

# MATERIAL OVERVIEW (Selection of materials)

**CORDURA® 500 DEN** (100% polyamide). Made from INVISTA high tenacity, air-jet textured Nylon 6.6 in 500 denier. The CORDURA® brand provides fabrics that are recognized for their long-lasting durability and resistance to abrasions, tears and scuffs; they are more durable than other fabrics. CORDURA® fabric offers a superior strength-to-weight ratio, making it a first-choice for durable fabrics.

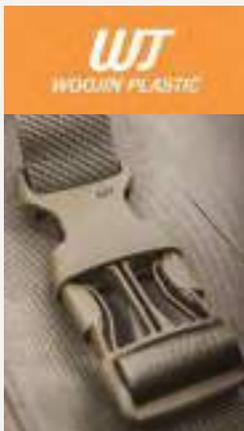

**CORDURA® 700 DEN** (100% polyamide). CORDURA® in fibre thickness 700 den combines the high wear and tear resistance of the classic 1000 den fabric with the lightness of the 500 den fabric.

**CORDURA® WITH IRR PROTECTION** Tasmanian Tiger manufactures tactical equipment in the color stone grey olive with certified IRR treatment. Both the CORDURA® materials as well as webbing, hook-and-loop fasteners and buckles meet the high German Bundeswehr standards TL 8305-0278 and TL 8305-0281 with regard to the IRR camouflage effect (IRR 650 - 1250nm / 10 - 42%).

The Japanese company **YKK** is the global leader in zipper manufacturing and has a vast array of products in its range. Tasmanian Tiger has used YKK zippers for many years in its collection, in particular the tear-resistant YKK zippers with RC (Racquet-Coil) technology.

The YKK Fastening Products Group is trusted worldwide for impeccable production standards and thorough quality control processes.

The South Korean plastic buckle manufacturer, Woojin, operates a production site in Vietnam, which means resource-friendly transport distances between our facilities. Woojin and Tasmanian Tiger have been working together for so many years we're almost like family. The relationship includes not just development coordination but also exclusive fabrication. Tasmanian Tiger uses **WOOJIN** components throughout its entire range of products.

The side release buckles, zipper pulls, etc. made by **WOOJIN** have inspired top designers worldwide to innovate the next generation of tactical products.

**T-SQUARE RIP FD** (100% Polyamid) The very tight, special weave of the 210 den fibers makes this fabric extremely stable, but it remains extremely light. By using FD yarn (full-dull) the fabric gets a dull surface.

**420 HD NYLON** (100% polyamide). The classic 420 den Nylon material has proved itself in the „high density“ (HD) version as a good, very flexible basic material. The 420 den yarn gives it a very high tear resistance. The material is made waterproof by the triple PU coating.

**TEXTREME 6.6** (100% polyester). The textured polyester material in 600 den threads is robust, colorfast and versatile. PU-coated to achieve a weatherproof finish.

**CRYPTALLOY®** (aluminium alloy). Screening products with the specially developed tear-resistant material CRYPTALLOY® offer the highest level of protection against RFID/NFC attacks. The TÜV certified material blocks radio waves on all the usual RFID frequencies and can be used for all cards.

**110DTEX PA6.6 SILICON** (100% polyamide). Lightweight, double-sided silicone-coated and printed Nylon fabric in 5-color camouflage. The material according to TL 8305-0278 is used for rain covers.

**T-COVER TEX** (100% polyester). This very light, waterproof material made out of polyester is pleasantly soft to the touch, and is used mainly for rain ponchos, rain covers and stuff bags.

**T-SOFTSHELL 3L** (Outer layer: 100% Polyamide, inner layer: 100% polyester, membrane: 100% polyurethane). This technical 3-layered Softshell material has a polyamide outer and a soft micro-fleece inner side, is wind- and water repellent as well as breathable.

**T-Vent 3L** (Outer layer: 92% polyamide, 8% elastane, inner layer: 100% polyamide, membrane: 100% polyurethane). This robust, elastic, wind- and waterproof 3-layered material is used for high-quality hardshell jackets. This ultrathin non-porous membrane is extremely waterproof and offers a high air permeability and stretchability.
